DELIVERING GREAT VALUE

Hoffman’s integrated Total Project Management (TPM) is a partnership with clients to strengthen their organization and help them thrive. We accomplish this by creating functional, healing, aesthetically-pleasing environments for patients and staff. With our partnership you will benefit from:

FINANCIAL ACCOUNTABILITY

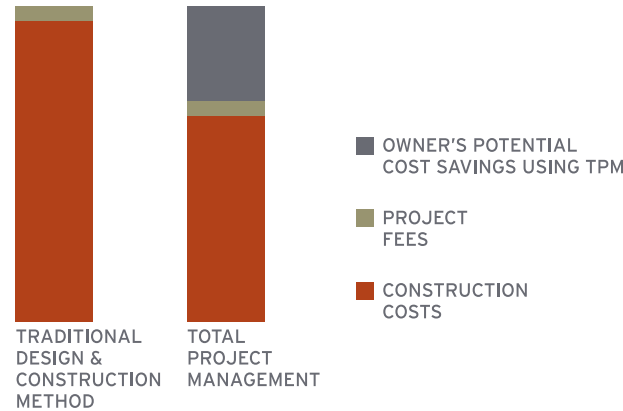

We will agree on a project budget and deliver within it.

THOUGHTFUL DESIGN

Our patient-sensitive solutions create the ideal environment for doctor/patient interaction.

PROJECT COST SAVINGS

By using TPM instead of traditional design and construction methods, owners can save substantial dollars in their project costs. TPM has lowered total project costs by as much as 30%.
