

# YMCA OF THE FOX CITIES

FOX WEST YMCA  
GREENVILLE, WISCONSIN

.....  
"HOFFMAN IMPRESSED ME FROM THE VERY BEGINNING" – Brenda Johnson, Executive Director

Although the existing Fox West YMCA facility in Greenville, Wisconsin offered numerous amenities, Fox West administration set in motion plans to expand the physical fitness opportunities and services made available to the community.

Searching for a company that could offer Total Project Management as well as a valuable business solution to meet their needs, the YMCA looked down the road to Hoffman to handle all aspects of their 24,600 square foot project. The centerpiece was the pool addition, which has a four-lane

lap section, general use area, and a splash tank (one fully prepped for a future waterslide and staircase addition). The project also included the remodeling of existing locker rooms and the addition of a newly expanded Lifestyle Center, multi-program space, and increased parking lot.

**SCOPE:** Expansion, renovation  
**AREA:** 24,600 sq. ft.  
**COMPLETION DATE:** 12/2008
